LATO UNIONE CON FUSTO

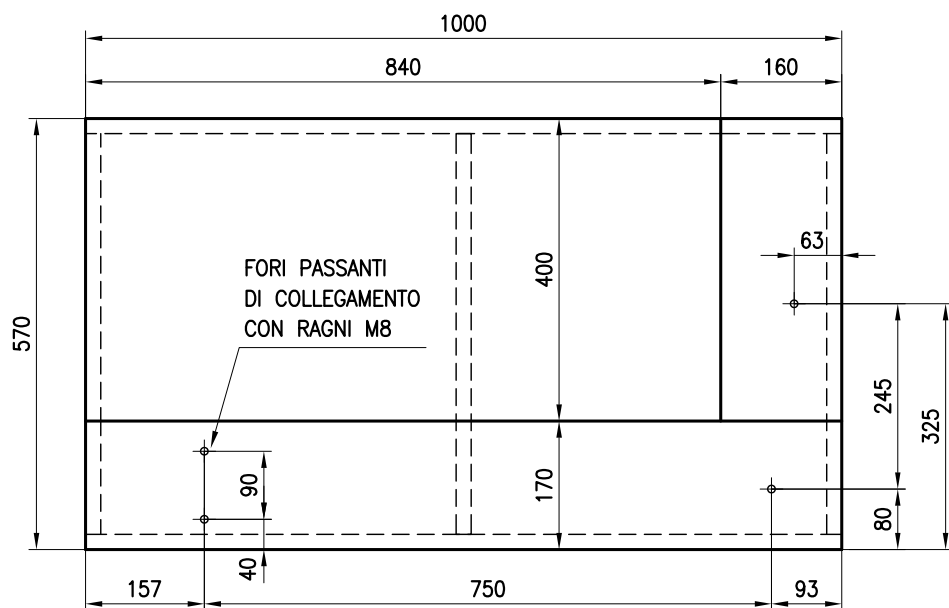

Ø60

Technical drawing of a rectangular box. The height is 155. The width is 50. The label "LATO UNIONE CON FUSTO" is present.

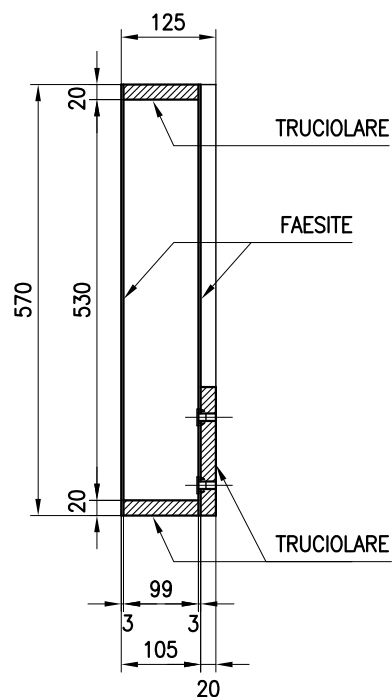

This diagram illustrates the exploded view of a door assembly. It includes a large rectangular door panel, a frame with a handle, and a separate handle component. The components are shown in their relative positions, indicating how they fit together.

Technical drawing of a square frame. The overall dimensions are 1040 mm by 1040 mm. The frame consists of an outer square and an inner square, with a dashed line indicating the inner square's boundary. The frame is composed of two main sections: a top section with a height of 260 mm and a bottom section with a height of 780 mm. The frame is supported by four legs, each labeled 'M'. The legs are positioned at the corners of the frame. The frame is made of a material labeled 'M'.

Technical drawing of a rectangular plate with dimensions and a dashed line indicating a fold or cut. The overall width is 1040 and the overall height is 610. A vertical dashed line is located 240 from the left edge. A horizontal dashed line is located 28 from the bottom edge. The distance from the left edge to the vertical dashed line is 240, and the distance from the vertical dashed line to the right edge is 800. The distance from the left edge to the horizontal dashed line is 28, and the distance from the horizontal dashed line to the bottom edge is 390. The distance from the left edge to the vertical dashed line is 260, and the distance from the vertical dashed line to the right edge is 780.

ELEMENTO ANGOLARE 104 x104 cm

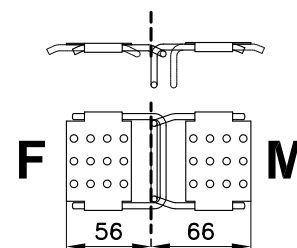

Technical drawing of the sofa's side profile. The overall width is 1895. The width of the seat area is 1740. The height of the backrest is 638. The height of the seat is 390. The depth of the seat is 155. The depth of the base is 145. The overall length of the base is 1750. The drawing shows a dashed line indicating the internal structure or a different view. A label points to the seat area: CUSCINI SEDUTA L. 87,5 x P. 80 cm.

Technical drawing of a rectangular panel labeled **SX**. The panel has a height of 1040 and a width of 260. It features a dashed line indicating a fold or joint in the center. On the right side, there are two sets of mounting brackets, each labeled **F**. The distance between the brackets is 780.

Technical drawing of the sofa's side profile. The overall width is 2295 mm. The distance between the outer edges of the armrests is 2140 mm. The height of the backrest is 638 mm. The height of the seat is 390 mm. The depth of the seat is 2150 mm. The depth of the armrest is 155 mm. The height of the seat cushion is 200 mm. The drawing includes a dashed line indicating the internal structure of the seat and backrest. A label 'CUSCINI SEDUTA' with dimensions 'L. 106 x P. 80 cm' points to the seat cushion.

Technical drawing of the 'Sedia a sdraio' (Reclining Chair) showing dimensions and components. The drawing includes a side view and a top view. The side view shows a reclining chair with a total length of 2785 mm, a height of 638 mm, and a base height of 390 mm. The top view shows a rectangular base with dimensions 155 mm x 1305 mm and 1325 mm x 1325 mm. The base is divided into sections of 155 mm, 1305 mm, and 1325 mm. The base is labeled 'FONDO APRIBILE CON CERNIERA PER CONSENTIRE IL MONTAGGIO' (Removable base with hinge to allow assembly). The base is supported by two sets of casters, labeled 'A' and 'B', which are 200 mm apart. The casters are labeled 'CUSCINI SEDUTA L. 87,5 x P. 80 cm' (Seat cushions L. 87,5 x P. 80 cm).

Technical drawing of a chair showing dimensions in millimeters. The overall width is 610 mm, the seat width is 480 mm, and the overall height is 713 mm. The seat height is 330 mm, and the leg height is 383 mm. The seat depth is 500 mm. The leg cross-sections are 48x48 mm at the top and 38x38 mm at the bottom. The overall depth of the chair is 646 mm. The side panels are 65 mm wide.

Technical drawing of a chair showing dimensions in millimeters. The drawing includes a side view and a front view. The side view shows a seat width of 560 mm, a seat height of 343 mm, a backrest height of 435 mm, a backrest width of 498 mm, a seat depth of 479 mm, a seat thickness of 2 mm, a backrest thickness of 87 mm, and a total height of 470 mm. The front view shows a seat width of 560 mm, a seat height of 370 mm, a backrest height of 435 mm, a backrest width of 498 mm, a seat depth of 479 mm, a seat thickness of 2 mm, a backrest thickness of 87 mm, and a total height of 470 mm.

Technical drawing of a rectangular frame structure. The drawing shows a cross-section of the frame with various dimensions labeled. The overall width is 547, and the overall height is 560. The inner width is 412, and the inner height is 435. The top flange thickness is 60, and the side flange thickness is 60. The base flange thickness is 65. The distance between the side flanges is 498. The distance between the base flanges is 500. The total width including the base flanges is 610, and the total width including the side flanges is 646. The distance between the top flanges is 479. The drawing also shows a dashed line indicating the inner profile of the frame.

Technical drawing of a chair, showing side and front views with dimensions and material specifications.

Dimensions:

- Overall height: 713
- Overall width: 478
- Overall depth: 435
- Seat height: 45
- Backrest height: 343
- Seat depth: 560
- Backrest width: 66
- Backrest thickness: 17
- Seat width: 62
- Seat thickness: 20
- Leg height: 370
- Overall width (including legs): 470

Technical drawing of a rectangular container with the following dimensions:

- Overall width: 910
- Overall height: 765
- Internal width (between side walls): 820
- Internal height (between top and bottom walls): 460
- Side wall thickness: 45
- Bottom wall thickness: 45
- Internal height of the main compartment: 155
- Internal height of the lower compartment: 140
- Internal height of the base: 100
- Internal height of the base (excluding base thickness): 135

Technical drawing of a rectangular box with dimensions:

- Total width: 635
- Total height: 765
- Top flange thickness: 45
- Main body height: 540
- Bottom flange thickness: 45
- Internal width (excluding side walls): 590
- Distance from left inner wall to center of front door hinge: 457
- Distance from right inner wall to center of back door hinge: 135
- Back door hinge offset from right edge: 45
- Front door hinge offset from bottom edge: 135

Technical drawing of a rectangular plate with the following dimensions and features:

- Overall width: 910
- Overall height: 630
- Top flange thickness: 45
- Bottom flange thickness: 45
- Distance from top flange to first hole center: 270
- Distance between hole centers: 540
- Distance from bottom flange to last hole center: 270
- Distance from left edge to first hole center: 135
- Four mounting holes are shown, two on each long side.
- Four mounting brackets are shown, two on each long side, attached to the bottom flange.

Technical drawing of a mechanical part showing front and top views with dimensions.

Front View (Top):

- Overall width: 45
- Overall height: 15
- Internal structure: A grid of 4x4 squares, each divided into four triangles by diagonals.
- Top surface: A curved profile indicated by dashed lines.

Front View (Bottom):

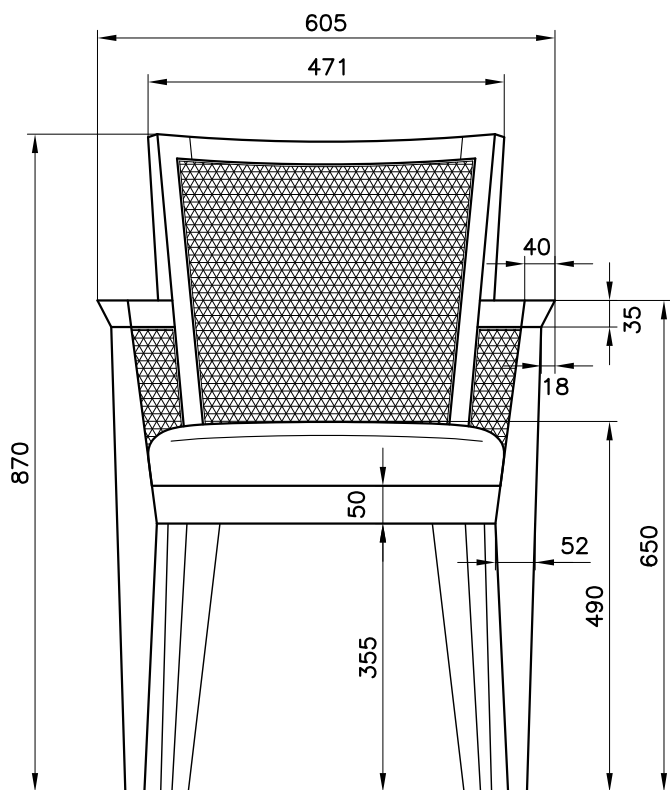

- Overall width: 41
- Overall height: 40
- Top flange: A trapezoidal shape with a top width of 45 and a bottom width of 25.
- Flange thickness: 3
- Internal structure: A grid of 4x4 squares, each divided into four triangles by diagonals.
- Bottom surface: A curved profile indicated by dashed lines.

Technical drawing of a semi-circular arch structure. The drawing shows a cross-section of the arch with various dimensions and labels.

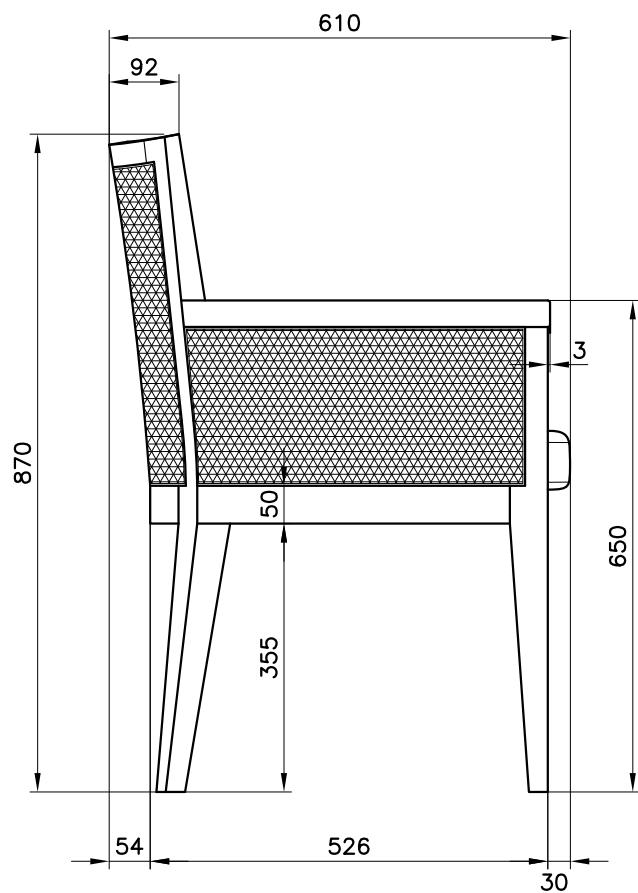

- Overall Width:** 910
- Overall Height:** 635
- Radius:** r. 455
- Internal Radius:** 560
- Segment Lengths (from top center to base):** 144, 144, 144, 144, 135
- Base Width (between vertical supports):** 740
- Base Height (from base to top of vertical supports):** 179.93
- Vertical Support Height:** 45
- Horizontal Distance from Center to Vertical Support:** 40
- Horizontal Distance from Center to Base:** 45
- Horizontal Distance from Center to Vertical Support (at base):** 40
- Horizontal Distance from Center to Base (at bottom):** 820
- Small Vertical Dimension at Base:** 10

Technical drawing of a mechanical part, likely a bracket or support, showing dimensions in millimeters. The drawing includes a top view and a side view.

Top View Dimensions:

- Overall width: 525.3
- Distance from left edge to first vertical feature: 40.7
- Distance from first vertical feature to second vertical feature: 484.5
- Distance from second vertical feature to right edge: 486.9
- Distance from left edge to first vertical feature (alternative measurement): 95.4
- Distance from first vertical feature to second vertical feature (alternative measurement): 537.8
- Distance from second vertical feature to right edge (alternative measurement): 38.4

Side View Dimensions:

- Overall height: 150.6
- Distance from top edge to first horizontal feature: 60.1
- Distance from first horizontal feature to second horizontal feature: 75.6
- Distance from second horizontal feature to third horizontal feature: 24
- Distance from third horizontal feature to bottom edge: 15
- Distance from top edge to first horizontal feature (alternative measurement): 95.4
- Distance from first horizontal feature to second horizontal feature (alternative measurement): 90.6
- Distance from second horizontal feature to third horizontal feature (alternative measurement): 36
- Distance from third horizontal feature to bottom edge (alternative measurement): 75

Other Dimensions:

- Distance from right edge to center of circular feature: 29.4
- Distance from center of circular feature to bottom edge: 46.2
- Distance from center of circular feature to right edge: 24
- Distance from center of circular feature to bottom edge: 36
- Distance from center of circular feature to right edge: 60

Technical drawing of a tapered shaft. The total length is 525.3. The left diameter is 35 and the right diameter is 47. The fillet radius at both ends is 5.

Figure 1 shows a square with a total width and height of 60. Inside this square, there is a central square with a width of $35/47$ and a height of 36. This central square is shaded with diagonal lines. Surrounding the central square are four smaller rectangles, one in each corner. Each of these corner rectangles has a width of 5 and a height of 24. The distance between the central square and the corners is $25/37$.

 Studio GALMAR PROGETTAZIONE e DESIGN - SETTORE ARREDI 20833 GUESSANO (MI) - P.zza Repubblica, 1 - E-mail: info@studiogalmar.it PROPRIETÀ E DIRITTI RISERVATI. TUTELATI A NORMA DI LEGGE	descrizione: BRACCIOLI PER POLTRONE E DIVANI

Technical drawing of a tapered shaft. The drawing shows a side view of a shaft with a tapered profile. The dimensions are as follows:

- Top diameter: 45.2
- Inner diameter at top: 32
- Length: 567
- Bottom diameter: 35
- Inner diameter at bottom: 10.7

[illegible]

The diagram shows a large square with a total width and height of 60. Inside this square, there is a smaller shaded square with a side length of $32/35$. The shaded square is centered, and its sides are parallel to the outer square's sides. The distance from the left and right edges of the shaded square to the left and right edges of the outer square is 5. The distance from the top and bottom edges of the shaded square to the top and bottom edges of the outer square is 24. The total width and height of the outer square are 60. The shaded square is filled with diagonal lines.
